## Shameless Misrepresentation

Certain reactionary newspapers of the state, notably the Sacramento Union, the San Francisco Call and the San Jose Mercury have been making a shameless but wholly characteristic attempt to defame the people by a misrepresentation of Senator LaFollette's letter to Governor Johnson regarding a Presidential Preference Primary for California.

Not one of these newspapers has had the fairness, the courage, or even the decency to publish the LaFollette letter in full, although its sole purpose was to urge Governor Johnson to an act which would give them their only possible chance of a voice in the selection of delegates to the national convention. Instead they cut a single paragraph for the letter and attempt thereby to read into it something totally foreign to its purpose, and something which no one of reasonable intelligence, taking the letter in its entirety, could find there either in express terms or by inference.

The extract which they have taken is, as a matter of fact, not an essential part of the letter, but merely is a restatement of a paragraph in Governor Johnson's own letter to Senator LaFollette, explaining the situation in California, and the determination, in spite of the possible outcome, to yield the absolute advantage obtained by the progress-ives through their victory over the old railroad machine, and give the people an opportunity to express their preference, purely as a matter of fairness and principle.

The caliber of the reactionary press may be judged from the fact that the entire purpose of LaFollette's letter was to express his full accord with governor Johnson's view, and to urge that no consideration of his own candidacy should in any degree influence the California Executive to depart from the right path of fairness and principle.

None of the newspapers engaged in the effort to place the LaFollette letter in a wrong light before the people, has dared to publish the following portion:

Out Governor, hard as it will be, there is just one thing that ought to be and would be harder and indeed more harmful to us, and that would be to throw our principles to the dogs whenever an opportunity offers to gain a temporary advantage by so doing. It would enable us to control the next national convention and the nomination for the presidency, we could not afford to do it—and we could not afford to have you do it, even if you were willing.

No, Governor Johnson, put the Presidential Preference Primary up to the very front in your call for an extra session—fight the reactionaries to the last trench for the delegates, and if we lose, the battle line will show that we are not a lot of common politicians ready to play the game the crooked way to win for the hour. We can afford to be beaten, but we cannot compromise or juggle with the vital thing.

Except for the act of Governor Johnson there is no possible way the reactionaries could have the slightest voice in the selection of delegates to the national convention. In view of this attempt to misread Senator LaFollette's letter urging that act, what chance would there be for a Presidential Preference Primary if the conditions as to the control of the states were reversed?

## Mathewson Gets Property

Judge Emmet Sewall handed down an opinion on Saturday in the action of S. Nonella against H. P. Mathewson, in which the defendant is given judgment quieting his title to a small parcel of land.

The property in controversy is situated between the lands of the contestants, and each claimed it. Mathewson has had the property used and in use for a number of years, and recently Nonella brought suit to gain title to the same.

Mathewson went into court and fought the thing through. In his decision Judge Sewall states that he is of the opinion that the defendant has shown by a preponderance of evidence that he has had the parcel of land enclosed for a period of more than five years before the commencement of the action, and that he has exercised acts of ownership to the extent and degree that renders his claim valid as provided by the statutes of this state.

## Governing Registration

The following amendment to section 1120 of the Political Code relating to registration and gratification of voters was introduced in the State Senate by Senator Bills, and referred to the committee on Electors and Election Laws:

All persons shall be entitled to vote at the elections mentioned in section one thousand and forty-four of this code who come within the terms or comply with the requirements of this section.

Every person who was a qualified elector at the general state election immediately preceding the holding of any of the elections mentioned in section ten hundred and forty-four of this code, and who was registered as required by law as a qualified elector any one of the precincts which together compose the special election or consolidated election precinct until the time of the holding of the election provided for and held under said election one thousand and forty-four, and every person who was a qualified elector at any election held subsequent to said general election, and who was registered as required by law as a qualified elector of any one of the precincts which together compose the special election or consolidated election precinct, and who continues to reside within the exterior boundaries of special or consolidated election precinct, until the time of the holding of the election provided for and held under said section one thousand and forty-four, shall be entitled to vote at said election without other or additional registration.

All other persons in order to be entitled to vote at any of the elections provided for in said section one thousand and forty-four must be registered in the manner required by sections one thousand and ninety-four, one thousand and ninety-six and one thousand and ninety-seven of this code, as an elector of and within one of the precincts which compose the special election or consolidated precinct wherein he claims to be entitled to vote. Such registration must be made and had in accordance with the provisions of sections one thousand and ninety-four, one thousand and ninety-six and one thousand and ninety-seven of the Political Code; provided, that such registration shall be in progress at all times except during the thirty days immediately preceding any such municipal or special election held under said section one thousand and forty-four of the code.

The political Code has also been amended to meet the new condition of equal franchise in an amendment introduced in the Senate by Senator Bell. It reads as follows:

1. The name at length.
2. The sex.
3. The age, omitting fraction of years.
4. The occupation.
5. The height.
6. Whether married or single.
7. The complexion and color of eyes.
8. If a married female, the name of the husband at length, and whether or not the husband is an American citizen.
9. The country or state of nativity.
10. If naturalized, the time and place of naturalization and in the case of a female elector, if naturalization is by marriage, the time and place of her husband's naturalization shall be stated.
11. The place of residence (giving ward and precinct); and in municipal corporations, by specifying the name of the street, avenue, or other location of the dwelling of such elector, with the number of such dwelling, if the same has a number, and if not, then with such description of the place that it can be readily ascertained and identified. If the elector be not the proprietor or head of the house, then it must show that fact, and upon what floor thereof, and what room such elector occupies in such house.
12. Political affiliation, if any.
13. The date of entry of each person.
14. The post office address.

The fact whether or not the elector desiring to be registered is able to read the constitution in the English language and to write his name, and whether or not the elector has any physical disability, by reason of which he can not mark his ballot; and if he can not mark his ballot by reason of physical disability, then the nature of such disability must be entered.

A Chance to Have Seeds Tested Free

The college of agriculture of the University of California in co-operation with the United States department of Agriculture has established a seed testing laboratory at Berkeley.

Farmers, as well as dealers in agricultural seeds may have the purity and germinating power of all varieties of seeds tested free of cost. This work will be under the supervision of Prof. G. W. Shaw of the agricultural department of the university, while the actual testing will be done by Miss A. Lute of the United States department of agriculture.

The seed testing laboratory is now equipped to receive samples and actually prosecute the work. There has been a wide demand for accurate tests of seeds used in California, and such tests have heretofore been referred to commercial testers, but hereafter all tests will be made at the university free of cost; the only requirement being that any package of seed should be prepaid, and that the name and address of the grower or dealer should be stated. For all such tests it is desired that about one pound of seed be sent. It is urged that all farmers and dealers take advantage of this opportunity in order that the quality of the seed upon the market may be improved.

## Three Lined Roads Throughout the State

It has been announced that the State Highway Commission has decided not only to construct the best possible highways with the \$18,000,000 bond issue, but to make these highways attractive by planting shade trees along the sides. Definite plans will be worked out by the commission with the State Board of Forestry, so that the work of planting the trees will go forward with the construction of the roads.

California will have a system of highways extending from the border of Oregon to the boundary of Arizona and these highways will be lined with trees selected and planted, cared for and watched by experts under the direction of State Forester Homans.

The main idea will be to plant the species in each section so as to secure the best results. Trees will be planted with a view of fitting climate and soil conditions. It is planned to begin planting with the first construction work, so that the state will, in the short time possible, have growing trees along its highway system.

St Francis Church  
CHANGE IN TIME OF SERVICES.  
Commencing with Sunday, Oct. 1 the services at St. Francis' church will be as follows:  
First Sunday of month, 8:30 a.m.  
The remaining Sundays, 10:30 a.m.

Mass at Glen Ellen, first Sunday of month at 10:30 a.m. The remaining Sundays at 8:45 a.m.

For the first time in its history the Denver mint will be given the coinage of nickels in January. Previously the five cent pieces circulated on the Pacific slope have been shipped clear across the continent from the Philadelphia mint. As the demand for small change is growing rapidly in the west, it has been decided to turn out nickels there.

The foreign commerce of the United States in the year about to end will show an increase of over \$200,000,000 when compared with the immediate preceding year. The exports are larger than in any earlier year, and manufacturers exported also their highest records reaching approximately \$1,000,000 in the calendar year 1911.

The principle advantage that Woodrow Wilson has over Champ Clark, in the fight for the Democratic nomination for president, is that Willie Hearst has not yet made an attack on Clark.

## SPEND YOUR VACATION AT AGUA CALIENTE SPRINGS

The most popular resort in Sonoma Valley. Delightfully located. Picturesque surroundings. Unexcelled bathing and swimming facilities. Hotel accommodations strictly first-class. Three hours ride from San Francisco. Reduced rates on the railroads for the season.

THE WONDERFUL CURATIVE PROPERTIES OF THE WATERS here are attested by hundreds of cures in rheumatism, stomach troubles, blood and skin diseases. The water comes from the earth at a temperature of 100° to 115° and the large swimming pool is emptied and thoroughly cleaned every day. Every thing about Agua Caliente Springs is conducted on first-class principles and rates are reasonable.

One Year (payable in advance) \$1.50  
Six Months (payable in advance) .80  
Three Months (payable in advance) .40

FRIDAY, DECEMBER 29, 1911

A Happy New Year to all and  
many of them. May peace and  
prosperity abide with all for many  
years to come, are the wishes of the  
Expositor staff.

Different suitors require different  
methods of decisive dismissal, as  
Portia learnedly set forth many years  
ago. Now comes a resourceful Petaluma  
woman who, after unavailingly  
fring a persistent swain under all  
rules provided by the hand book  
common etiquette and common law,  
was only successful when she fired a  
gun at him. This new method will  
undoubtedly prove efficacious, pro-  
vided that indefatigable law making  
Legislature, now in session at Sacra-  
mento doesn't pass a closed season  
for persistent wooers.—S. W. News  
Letter.

Another ferry steamer for San  
Francisco bay, making three to be  
constructed by the Southern Pacific  
Company within a year, will glide  
into the waters from the ways on the  
Oakland estuary shortly after the  
first of the year. This new ferry  
steamer will be christened the  
Alameda and the Southern Pacific  
will then have three of its ferryboats  
named after the important cities of  
that county. The new ferryboat  
is a part of the provision being made  
to take care of the increased traffic  
anticipated during the Panama Pa-  
cific Exposition to be held in San  
Francisco during 1915.

### Courier Changes Hands

On Thursday J. C. Arthur dis-  
posed of the lease he holds to the  
Petaluma Courier and he will retire  
from connection with that paper.

The purchaser is Eugene A. Avery  
of Sacramento, and he will take  
charge of the property next Tuesday  
morning, the first of the New Year.  
It is announced that there will be no  
change in the policy of the paper.

The lease has one more year to  
run and attached to it is the privilege  
of purchasing the paper at the ex-  
piration of the lease if it is desired.  
The new owner is a man of much  
experience in newspaper work.

### Will Fly at Santa Rosa

H. R. Berg, business manager for  
Weldon B. Cook, the successful  
Oakland aviator, concluded arrange-  
ments Tuesday evening for Cook to  
give an aviation exhibition at the  
race track, Santa Rosa, Sunday and  
Monday, December 31st and Jan-  
uary 1st.

Arrangements have been made to  
run excursions to Santa Rosa on  
those days from every direction and  
it is believed that there will be a  
large attendance to the meet by  
people from all over the county.

Mr. Cook is without doubt the  
most successful California aviator.  
His sensational flight from the Oak-  
land Motordrome last week and his  
circling Mr. Tamalpais and return  
to Oakland facing the most danger-  
ous kind of a wind, is only one of the  
remarkable flights the young aviator  
has made.

### Reception and Social

On Wednesday evening next oc-  
curs the regular social and business  
gathering at the Congregational  
church. A short session of the  
board will be held after which a  
musical program will be rendered  
and a reception to new members will  
be given. The exercises will be in  
the church parlors, beginning at 8  
o'clock.

Refreshments will be served by  
the ladies of the aid and a general  
invitation is extended to all members  
and friends of the church to join and  
enjoy with us this pleasant social  
evening.

### To Speak Before the Men's League

Judge Murasky, of San Francisco,  
has been engaged by the committee  
of the Men's League to deliver the  
address to the league at the next  
regular meeting to be held at the  
Congregational Church Sunday  
evening, January 7th.

Judge Murasky, who is known as  
"Ben Lindsey" of San Francisco,  
presides over the juvenile court, and  
is doing great work in this depart-  
ment for the betterment of conditions  
in the juvenile offenders. He is  
a gifted speaker and will certainly  
interest all who hear him. His sub-  
ject will be announced later.

### Schellville Chicken Colony Notes

Our Christmas tree was a decided  
success. A prettier tree or more  
beautifully decorated would be hard  
to find. Nearly every colonist—big  
and little was on the spot, and many  
of our good neighbors outside of  
the colony limits. The tree was de-  
signed especially as a comedy and  
was well carried out—comic things  
of every description being given to  
everyone present, and many sent to  
those not there. Mr. C. D. Haines  
distributed the presents—adults shar-  
ing equally with children in the  
horns, music boxes, dolls, toy autos,  
jumping jacks, candy and all child-  
ish toys, with the stipulation that  
everyone was to open their package  
for the edification of the crowd. We  
have a number of batchelors and  
widowers among us, and several of  
these were remembered with manu-  
factured "helpmates" tastily dressed  
which were received with much  
hilarity. There were also some  
beautiful and substantial gifts for  
various ones, and the presents were  
so profuse and varied that one little  
boy remarked, he had more than he  
could use. Later refreshments were  
served, after which those who loved  
the recreation, tripped the "light  
fantastic" to the music of the phono-  
graph manipulated by Chas. Potter.  
Surely our first Christmas on the  
colony will be long remembered.

The Haines family entertained a  
large company of friends and relatives  
over Sunday and Xmas.

Mrs. Fannie Lyman and Rolla  
entertained relatives several days  
extending over Xmas.

Mr. H. Lingo returned Tuesday  
from Oakland, where he ate Christ-  
mas dinner with his wife and daugh-  
ters.

The colony was quite disappoint-  
ed in not having W. H. Judson and  
family present at the Christmas  
exercises as was expected.

Geo. and Chas. Schai came out  
unexpectedly to spend Christmas  
with their parents and their sister,  
Mrs. Harry Worthington.

Mr. Chas. Potter and helpers are  
plowing for the colonists preparatory  
to setting out trees, many fruit trees  
having already been received.

Mr. and Mrs. Roth, of Route 1,  
Sonoma, with three children, drove  
down and culled on Mesdames Ken-  
nedy and McNeely Christmas day—  
bringing Christmas cheer and good  
will.

Mrs. Nourse has returned from  
Christmas spent in the city, the Dr.  
remaining for a time taking charge  
of the practice of a brother physician  
who is in the hospital for treatment  
of the eyes.

Geo. Howland was kicked on the  
leg three times by the colony horse  
a few days ago, and while no bones  
were broken the cuts and bruises  
are quite severe. No reasons known  
for the act, only that the horse had  
just been given a new set of shoes,  
and was trying the quality of his  
gift or the efficiency of the black-  
smiths work.

TERAGRAM K.

### Grand Jury Impaneled

The Sonoma county grand jury  
was empaneled before Judge Emmet  
Seawell, and after completing its  
organization, began the investigation  
of a criminal matter.

The personnel of the grand jury is  
as follows:

Wm. B. Risk, Antonio F. Gon-  
salves, Joel A. Doss, Wm. Ruther-  
ford, Thomas J. Hutchinson, H. J.  
Poehlmann, F. C. Newman, W. L.  
Cunningham, John Favour, James  
G. Hood, Henry McDonnell, Pascal  
Trembley, George N. Imrie, Willis  
Gauldin, Henry Hammell, Christian  
Schlake, Geo. McFarlane, A. H.  
Flourney, Odar V. Hicks.

### Hums of the Yellow Jackets

Stung! 11 to 27 in favor of Petaluma!  
But even with such a score  
we are not discouraged and intend  
to practice with redoubled vigor.  
The basketball team of the Y. J. C.,  
chaperoned by our cadet captain  
Mrs. Roberts, autoed to Petaluma  
last Friday night prepared to defend  
our cadet colors. About thirty-five  
Sonoma youths put in an appearance  
at the game and cheered for us.  
Petaluma made the first point but  
the second was Sonoma's. We  
fought hard but were at a great dis-  
advantage on account of the glassy  
floor on which we played and the  
rough way Petaluma played. They  
won, but that isn't what rankles.  
It was a remark cast at us by a Petaluma  
citizen. He inquired—"Who  
let the gate open?" I guess the  
poor thing had lost some of his  
chickens lately, and was still dreaming  
over it. Better luck next time.  
Cadets. Our next game will prob-  
ably be played in Napa about the  
middle of January.

The Y. J. C. colors are black and  
gold. Our natty basketball uniforms  
created quite a sensation at Petaluma.  
The uniforms consist of black bloom-  
ers with a yellow blouse with black  
sailor collars and letters.

We electrified the Petalumaites  
with the following cry:

"Rip 'em up!  
Rip 'em up!  
But no matter what you do,  
Don't let 'em mash you  
Or make you into stew!  
Yellow Jacket!  
Wow!"

Cadets Granice and Andrews are  
thinking of setting up a booth at the  
commissary and distributing cheese  
sandwiches to those in the ranks.  
Hurrah! Good idea.

We are collecting pennies now to  
purchase a leather medal for Ralph  
Thompson. He surely deserves  
one for putting up with all the chat-  
ter he endured during the trip to  
and from Petaluma.

Our next meeting will be held  
Monday, January 9. The bugler  
will sound assembly at 7:30 p. m.  
Be there cadets, rain or shine.

Two new cadets have been voted  
in. They are Mary Boccoli and  
Eleanor Keogh.

We want all the girls who do not  
play in the big team to volunteer to  
help at practice. Several times we  
have had to ask the boys to help us  
out. The team that played Petaluma  
is—forward, Ramona Granice,  
Georgie Andrews; guards, Henrietta  
Weber (Capt.) Eva Dresel;  
centers, Marjorie Buchan, Florence  
Rubke; linemen, Jack Poulson and  
George Carpenter; Referee, Mary  
Cherry. We must practice if we  
expect to win. We hope to sound  
"taps" for Petaluma next time.  
"FIRST LUFF."

### Glen Ellen Notes

Eugene Van Deventer is visiting  
his sister-in-law Mrs. Jessie Haskell.  
Cobb of Glen Ellen.

Geo. Hardman spent Xmas with  
his sister, Mrs. John Cozad, at her  
home in San Francisco.

Mr. A. M. Hardman, the Glen  
Ellen merchant, took a flying trip  
to San Francisco Wednesday.

Miss Amy Poppe, of San Fran-  
cisco, visited her parents, Mr. and  
Mrs. Poppe in Glen Ellen during  
the holidays.

A Cheffers is enlarging his chicken  
plant, and expects to be classed among  
the leading poultrymen of the valley  
in the near future.

Mike Gordenker is spending his  
vacation at the home of his parents  
here. Mike is employed in the  
Mare Island Navy Yard.

Morris Levy, the popular host of  
the Hotel Mervyn, distributed some  
very appropriate Xmas gifts among  
his friends. Here's looking at you  
"Morris."

The Whist parties of the Glen  
Ellen Circle Women of Woodcraft  
have proved a great success from  
every point of view. Next Wednes-  
day will be the third game of the  
series of six to be played.

Mr. and Mrs. A. E. Gaige depart-  
ed Monday for Sacramento, where  
they will stay for some time with  
their daughter, Mrs. F. W. Browne.  
Mr. Gaige has been very ill at his  
home here, but is now convalescent.

E. Allen and family are down  
from the deep snows of the Sierras.  
Mr. Allen is the son of Mr. and Mrs.  
J. R. Allen of Glen Ellen, and is  
well known in this valley, having  
spent the greater part of his life in  
Glen Ellen. His wife was a Miss  
Wright also well known here. Mr.  
Allen resided for some time on the  
place owned by Jack London.

### Superior Court News

Department 2.  
Permission was granted to lease  
property of the estate of Pleasant  
Wells.

The estate of the late D. M. Ketch-  
em was set aside to the widow.

The final account of the estate of  
Paul Z. Nauman was settled. A  
similar order was made in the estate  
of Julia Wall.

These probate matters were con-  
tinued: Estates of A. P. Gaver, to  
January 2; William McKinlay and  
Evelyn Walker, to January 2.

### LOCAL ITEMS

Have your clothes cleaned and pressed by Parrent. Sonoma.

Mrs. Pauli and son, Roy, enjoyed a visit to the metropolis Sunday and Monday.

W. W. Carver spent several days in the metropolis this week in the interest of the Sonoma Realty Co.

O. L. Hose, of the Expositor office, spent the Christmas holidays in San Francisco with his brother and family.

The Misses Irene and Ruby Rambo, of Santa Rosa, are spending the holidays with A. A. Rambo and family.

Arden Rambo, who has been visiting relatives in this valley the past week, left yesterday for Monterey county, where he will spend the winter.

The Sonoma Realty Co. report the sale of 500 acres of land known as the McNeil estate this week to Chas. F. Rednall, who will subdivide the same and sell in small tracts.

Peter Yenni has had several trees removed on Napa St., near First Street West. This was necessary in order to make room for the new curbing to be placed along Napa St.

The frame work for the building to be used by J. A. Kinsella as a plumbing shop is up and partially covered with corrugated iron. The rainy weather has delayed the work somewhat.

The opening of the Palace Hotel was held Saturday night and a large crowd assembled and made merry. Refreshments were served by the noted chef and all were shown the many improvements made since the change of management.

The Vaudeville performances at the Don Theatre are taking well with the public. The program next Saturday and Sunday nights include De Fay in a novelty musical act; Dervin, ventriloquist and mimic; Frank and Louise Beverley, comedy singers and talkers. Moving pictures will be shown between each number. Change of program Sunday night.

William J. Cummings, agent of the Northwestern Pacific, is nursing an extremely sore finger. He alleges that he sustained the injury to the digit while chopping kindling wood at the family home. Others assert that it was in a laudable endeavor to amputate the head of a gobbler that he missed the bird's head and chopped into his finger. —Republican.

Miss Celia Dowdall, who is employed in San Francisco, enjoyed her Christmas dinner at the home of her parents, Mr. and Mrs. R. E. Dowdall in El Verano.

Mrs. "Jack Barry" Shenners left Wednesday morning for Dayton, Oregon, where she will remain for a few days, and then return to this valley.

The new home of Mr. and Mrs. John Serres is nearing completion. John Serres expects to move back to El Verano in the near future.

The Napa County Poultry Association will hold its first show January 4th, 5th, 6th and 7th at No. 56, North Main street, Napa.

Mr. L. Channel, the enterprising real estate man of Glen Ellen, was a passenger on the down train Saturday afternoon.

Holiday week is a quiet one in Sonoma valley, and everyone seems to be recovering from their Christmas dinner.

Mr. and Mrs. R. P. Hill, of Eldridge, spent Christmas in the bay cities, returning Monday evening.

The past two weeks has brought many bags of ducks for the hunters in the marshes below town.

Mrs. Stofen and Miss Meta are spending the New Year in San Francisco with friends.

The new residence of Geo. V. Saunders is rapidly nearing completion.

Dr. C. L. Harvey was a passenger southbound Saturday morning.

Mr. Payne, of Wake Robin, Glen Ellen, will speak at the Congregational church Sunday night. The subject will be "The Power of an Endless Life."

The Ladies Aid of the M. E. Church will meet in the church parlors Thursday afternoon. Refreshments will be served.

Mr. and Mrs. Walter Murphy, formerly Sonoma residents, spent Christmas in this city with friends.

Mr. L. L. Lewis and family who are spending the winter in Oakland, came up to spend Xmas at the ranch.

P. H. Nordstrom and wife returned Thursday night from a visit to Fresno county.

Miss Alice Berg left Sunday morning for a two weeks' vacation in Kingsburg.

Mr. Bundschu was a north bound passenger from San Francisco Wednesday.

M. E. Cummings spent the forepart of the week in the metropolis.

Messrs. Fredo and Ernest Clewe are at home for the holidays.

F. T. Duhring visited the metropolis Thursday last.

H. Castagnasso was a metropolis visitor Sunday.

Dr. W. B. Hayes spent Christmas in the bay cities.

### Prof. Hocker Ill

Prof. Will O. Hocker is very ill at his home in Santa Rosa. He has been suffering for some time, but has just been compelled to take to his bed.

Prof. Hocker is an old resident of this valley, having resided in Sonoma city for a good many years.

Mr. Hocker is now the principal of the Glen Ellen school.

His many friends wish for him a speedy recovery.

### Illicit Still

Revenue Officers Geo. B. Baer and W. J. Delaney seized an illicit still on Sonoma mountain Wednesday morning, quietly drove into Petaluma and placed it in the bonded warehouse and then decamped for San Francisco.

The still is a eighty gallon capacity and was seized at the S. Galardi place on Sonoma mountain. Prosecutions will follow.

## THE SECRET OUT.

A Wide Open Statement.

To refute the many false and malicious attacks, bogus formulae and other untruthful statements published concerning Dr. Pierce's Golden Medical Discovery, the Doctor has decided to publish a full and complete statement of the facts and his equally popular tonic alternative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native medicinal roots. The ingredients of the "Golden Medical Discovery" being a non-alcoholic extract of Golden Seal root, Queen's root, Black-cherry bark, Mandrake root, Blood-root and Stone root, preserved by chemically pure glycerine.

Dr. Pierce's Golden Medical Discovery, being made of native medicinal roots, is the best tonic you can use. It fills the blood with rich, red blood corpuscles. It gives you a feeling of strength, and it puts sunshine into your system as no other remedy can. That is why Dr. Pierce's Golden Medical Discovery has been such a favorite for the past forty years. No man or woman can be either healthy or happy who has impurities in the blood, for it will show in pimples, boils, eruptions, in the dark circles under the eyes and in the sallow complexion. After taking "Golden Medical Discovery" you are bound to have pink cheeks and a good, rich, red blood, that puts on strength. It is a flesh builder, but not a fat builder.

As an example of the good results thus obtained, note the following letter: "In the year 1880, I had an attack of indigestion and not so bad that my house doctor said he could not do me any good," writes Mr. G. Trent of Gordon, N. Y. "I wrote to you, and you advised me to use Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak I could hardly walk about the house. By the time I had used one bottle my stomach and bowels com-

menced to heal. There were strings of the mucus in my bowels as large as a man's thumb, and I had a great deal of mucus in my stomach and bowels, and also in the rectum, especially. I could not eat anything without having much distress afterward, but by the time I had taken one bottle of the "Golden Medical Discovery" I was so weak and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since."

**MEDICINES OF KNOWN COMPOSITION.** If suffering from an obstinate malady which would not naturally prefer to take a medicine of known composition, every ingredient of which has the endorsement of the most eminent medical practitioners and writers, or one which, for aught you may know, may be made up of very inefficient and even harmful agents? Is it not best to insist upon knowing what one is taking, as is every one's right, whether being prescribed for by the family physician or making use of a proprietary remedy? We think so, especially in view of the disparaging articles concerning various advertised remedies with which the drug and medical journals have been filled for months past. Doctor there courts the severest criticism of the medical profession as to the value of its published formulae, confident that he will receive fair treatment from all fair-minded and qualified brethren of the medical profession who cannot be blamed for not endorsing medicines of the composition of which they and the people are kept in ignorance.

These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been much imitated but never equalled. Sublimely coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the stomach, bowels and bowels prevented, relieved and cured. Permanently cured, too, by their mild and natural action, these Little Pills gently lead the system into natural ways again. Their influence lasts.

### Snake's Method of Attack.

No snake is able to jump or spring from a coil in order to strike, as often represented in pictures. It can only strike when it resembles the letter S and is lying flat on the ground. It can then only reach the distance supplied by stretching the body out straight. The two curves in the figure S supply this distance, which is about half the length of the body. No snake jumps through the air to its victim or springs clear from the ground, rising upon its tail. Such stories and pictures are all false. Neither do they coil like a rope and strike from that position. They may coil partially, but the part of the body that does the striking is ever and only that part which makes the figure S and lies flat on the ground; hence no serpent can strike when stretched out its full length.

### Postgraduate Course.

Pretty Daughters—Now that I have graduated, mamma, don't you think I ought to take a postgraduate course? Practical Mother—Certainly, my dear. I have arranged a complete and thorough course for you in roentgenology, bacteriology, dermatology, ophthalmology, otology, gynecology and general domesticology. Run along now and get on your working harness—Chicago News.

Fame can never make us lie down contentedly on a deathbed—Cope.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed a local remedy, and by constantly failing to cure with local treatment, promoted it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case of Catarrh to cure. Send for circulars and testimonials.

SONOMA, CAL.

C. A. Jacobs and William Wood

raised this year some 1050 turkeys on range near Proberta, drove the whole number on foot the entire way from Proberta to Flourney, a distance of 20 miles, says the Red Bluff Cause. The turkeys were taken to Flourney because of better facilities for picking. The two men shipped about 425 for the Thanksgiving market. An aggregate of 1600 birds were shipped by various parties, and figuring on an average of 10 pounds each a total of over eight tons was sent, which the comparatively low price of 25 cents netted the producers \$4000.

### Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Bruises, Eczema and Sprains. Only 25 cents at all druggists.

A bill providing for the free transit of American vessels through the Panama canal was introduced in the U. S. Senate by Senator Lodge. Under the measure canal charges against American ships would be paid from the national treasury.

### A Terrible Blunder.

To neglect liver trouble. Never do it. Take Dr. King's New Life Pills on the first sign of constipation, biliousness or inactive bowels and prevent violent indigestion, jaundice or gall stones. They regulate liver, stomach and bowels and build up your health. Only 25 cents at all druggists.

Foley Kidney Pills. Start to taking them now. Sold by James McElney, Model Pharmacy.

A new counterfeit \$20 gold certificate, a photographic production, has been discovered by secret officials. The work the officials say, is evidently that of an amateur and should be easily detected. The number of this certificate is B119 25116.

### Where the Locality Does Not Count.

Wherever there are people suffering from kidney and bladder ailments from backache, rheumatism and urinary irregularities, Foley Kidney Pills will help them. Belvidere, Ill., E. A. Kelley, an ex-engineer, says: Three years ago my kidneys became so bad that I was compelled to give up my engine and quit. There was a severe aching pain over the hips, followed by an inflammation of the bladder, and always a thick sediment. Foley Kidney Pills made me a sound and well man. I can not say too much in their praise." James McElney, Model Pharmacy.

Mrs. Emma Whinnery of 1042 Morton avenue bought a ten-pound turkey for \$2.60 and now estimates that the bird cost her only 40 cents, as a gold nugget found in the gobble's crop was valued at \$2.20.

### Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend and was well in short time. Infallible for coughs and colds, it is the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, influenza, hay fever, croup and whooping cough. Guaranteed by all dealers.

Thirteen lions were killed in California during last November according to warrants issued by the State Controller for six were killed in Humboldt county, three in Shasta, two in El Dorado and one each in Tuolumne and Ventura. The state pays at the rate of \$20 each for mount in lions.

### Foley Kidney Pills

Tonic in action, quick in results. Will cure any case of kidney or bladder disorder not beyond the reach of medicines. No need to say more, James McElney's Model Pharmacy.

After having been married nearly forty years Mrs. Sarah E. Meyers of Lodi has filed a divorce complaint against George W. Meyers, in which the principal allegation is that he persisted in spitting tobacco juice in her eyes.

Without opiates quick or harmful drugs of any kind Foley's Honey and Tar Compound stops coughs and cures colds. Do not accept any substitute. James McElney, Model Pharmacy.

With two less working days, the record of the canal diggers on the Isthmus of Panama for November was 2,598,024 yards of excavation, against 2,331,678 yards in October. There was a falling off, however in the amount of concrete laid. November's record standing 106,663 cubic yards against 148,304 yards in October.

### An Alarm at Night

That strikes terror to the entire household is the loud, hoarse and metallic cough of croup. No mistaking it, and fortunate then the lucky parents who keep Foley's Honey and Tar Compound on hand. H. W. Cassels, man, Canton, N. Y., says: "It is worth its weight in gold. Our little children are troubled with croup and hoarseness, and all we give them is Foley's Honey and Tar Compound. I always have a bottle of it in the house." James McElney, Model Pharmacy.

Because a new policeman in the house office building at Washington lost one key, the government has been obliged to spend \$1300 changing the tumblers in the hundreds of lockers in the big building. Since the loss of the key the big building has been doubly guarded. Whoever had it might have unlocked State secrets, but would find it useless now.

### With Coming of Middle Age

There is a letting down in physical forces often shown in annoying and painful kidney and bladder ailments and urinary irregularities. Foley Kidney Pills are a splendid regulating and strengthening medicine at such a time. Try them James McElney, Model Pharmacy.

Ground for Fresno's \$30,000 convention hall has been broken by H. E. Hansen, who has the contract for the excavating of the premises.

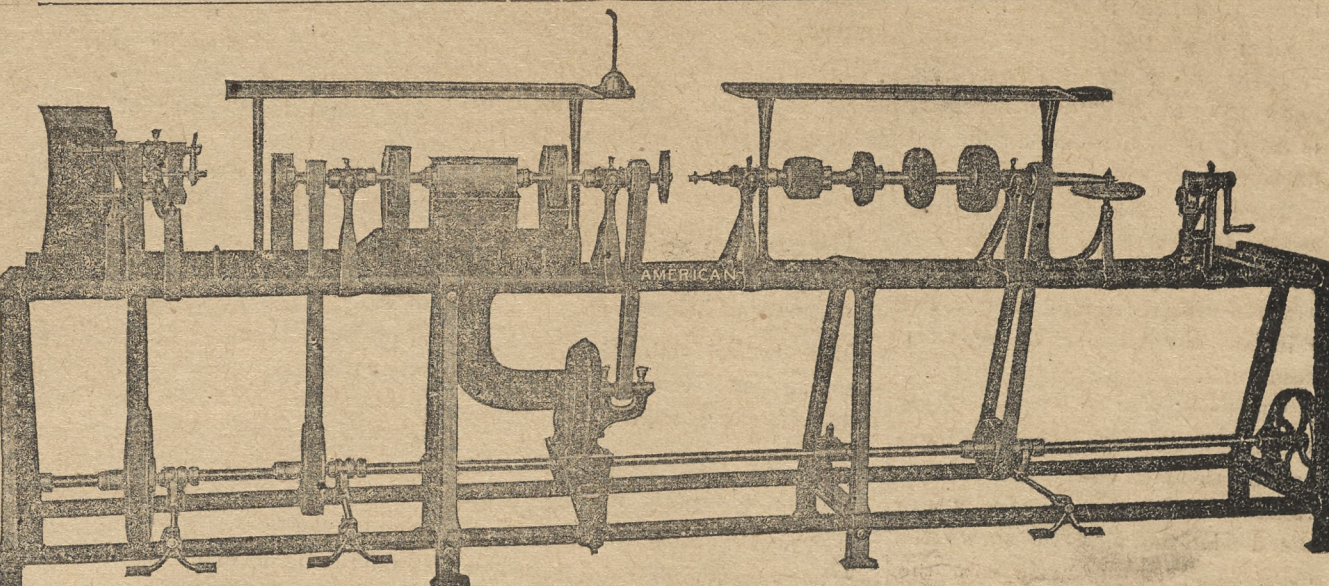

### Lightening Kills Few

In 1906 lightning killed only 169 people in this whole country. One's chances death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from violent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50 cents at all druggists.
